

# Year R Learning Journey

Week beginning 13<sup>th</sup> May

This week we will be continuing to learn about **Planting and Growing**

We had so much fun on our trip to **Hillier's Gardens!** So, this week we will be sharing our experiences and writing a recount about the trip.

In maths we will be learning how to share an amount of objects equally. Then we will be using our skills to solve practical problems.

Sounds of the week:

**air igh**

## Home challenge:

- Please practise sharing out objects when you are playing at home. Another great way to practise sharing skills is using food! Get your child to help you dish out food for dinner so everyone has the same amount of potatoes, carrots, pasta...
- Encourage your child to write a sentence independently. Can they remember to use finger spaces, capital letters and full stops?

You can draw, write or take a photo of your home challenge and bring it to school so we can all share!

Words of this week:

**we went me**

## Please remember:

\* Read every day with your child for at least 15 min. talk about the book and make a record in their reading logs. Reading at home regularly does make a difference!

\* P.E. DAY — Both classes have PE on Tuesday morning!

\* Please remember to label EVERYTHING; particularly school sweatshirts, t-shirts, coats and PE kits.

\* Please remember to fill in 'Smartie pants' certificate and bring it to school so we can celebrate what your child can do at home. Can you share your home challenge with us on 'Smartie pants' certificate?

## For your Information

On Thursday 23<sup>rd</sup> May we will be having a 'Gruffalo picnic'. It would be great if 1 member of your family could join us from 2.00 p.m. - 2.50 p.m. for a picnic.

Invitations will be sent home during the week. Unfortunately, siblings are not allowed to come into school for this event.

Then from 3:00 we will have our usual reflection afternoon for you to look at all the amazing learning that the children are doing in school every day! We look forward to seeing you!
