

May 2022

Dear Parents/Carers

We are excited to announce that we have moved our Management Information System (MIS) to Arbor. Adopting Arbor will allow us to communicate with you more efficiently and enable us to share key relevant information with you via an app, in addition to our usual channels.

The system will be used to pay for meals and trips, view the details that the school holds for you and your child/ren, enter your consents and communicate with the school. We are really looking forward to launching the parent portal and app and would like to invite all of our parents/carers to familiarise themselves using the link below and the attached poster.

Getting started - Log into the Parent Portal and the Arbor App

Arbor also offers access to many training resources which are completely free for you to make the most of! These can all be found here.

We will send further communication on the parental app and how to register after half term – this is important as it will contain your log in details. Please look out for this information and register your child when prompted.

We hope you are looking forward to using this new feature as much as we are!

Best wishes

Mrs I Dowse
Head of School
