

1st March 2024

Dear parents and carers,

We have updated our Relationships & Sex Education (RSE) policy to ensure our provision is still accurate and we continue to fulfil our statutory requirements for this area of our curriculum. A part of this process includes inviting our parents to have the opportunity to share their views on the proposed policy.

Accompanying this letter is the updated policy. Updates have been highlighted in yellow for easy reference but please review the whole document. If you have any comments or queries concerning the policy, please do not hesitate to get in contact over email to sarah.mack@tannersbrookpri.org.uk by Thursday 7th March. Please note that changes cannot be made to what we are legally obliged to teach.

As a school, we will then present this policy to our Academy Committee for ratification. This ensures we are well positioned to continue to deliver the best learning opportunities that we can for our children.

Kind regards,

Mrs Sarah Mack
