

Year R Learning Journey

Week beginning 2nd February

This week our topic
will be Pets -
Claws and paws

We will be learning about pets, and we are so lucky to be having Harlow the dog visiting us! We will be learning how to look after the pets and what they need to be happy and healthy.

In maths we will be learning how to combine 2 groups - add things together. We will be learning how to write a number sentence to show what we have done.

Please remember:

*Both classes have P.E. on **Wednesday** afternoons. Please ensure your child brings their full P.E. kit—shorts, t-shirt, and shoes—all clearly named. Earrings should be removed or covered so that everyone can participate safely and enjoy the session.

* As part of our commitment to promoting healthy habits and supporting your child's growth, may we ask, if your child does bring a lunchbox to school, please provide a nutritious one. You can find more information on [The Eatwell Guide - NHS](https://www.nhs.uk/eatwellguide/)

Thank you!

Home Challenge:

- Talk to your child about pets and what they need to keep healthy. Do you have any pets at home? Could you bring any **photographs** of your pets to share with the class? You could also email your photos at info@tannersbrookpri.org.uk
- Could you visit the pet shop over the weekend?
- Keep practising with your child daily their letter sounds. Can they write them? Can they write some simple words? (e.g. pig, duck, dog, cat...) Maybe they can have a go at writing a simple sentence? (e.g. The dog can sit.)
- Read every day with your child for at **least 15 min.** Talk about the book and make a record in their reading logs.
- Sing some number songs and learn your numbers. Can you write them?
[Number song 1-20 for children | Counting numbers | The Singing Walrus - YouTube](#)
- This website provides some fun addition games. Play some games on the computer!

For your Information

At Tanners Brook Primary School we believe that it is very important for children to feel and know that we are really proud of them for trying their personal best.

Therefore, we would like to invite you to come to school on **Friday 6th March at 2:45** to reflection afternoon. We would like to celebrate all the amazing learning that the children are doing in school every day and to think about their next steps together. We also are going to ask you to help your child to decorate their discovery book.
