

30 March 2021

Dear parents/carers,

**Parking around school**

Thank you to all those motorists who always bring their children to and from school considerately and following the highway code.

However, it has come to my attention that some people are parking inconsiderately and blocking our neighbours' driveways. Unfortunately, I have heard of several incidents taking place when some of our parents have been extremely rude when asked to move their car. Everything we do in school revolves around modelling good behaviour to our children and how to be good citizens and I would hope that this is mirrored when the children are out of school. I have advised our neighbours to report any incidents of this nature to the police.

Please can I remind you that if you need to bring your car, **you must not** block driveways or park on yellow lines. There is ample parking on King George's Avenue or in the TenPin Bowling/B&M car parks. These are just a short walk from school.

Kind regards,

Ingrid Dowse  
Head of School
