

Year R Learning Journey

Week beginning 26th April

This week our topic will be 'Planting and Growing'

This week we will get our hands muddy and get planting and growing our own beans and vegetables! We are going to be thinking about what the seeds need to grow and write instructions on how to plant a seed using time words and bossy words. In maths we will be learning how to add and subtract. Then we will be using our skills to solve practical problems.

Sounds of the week:

Words of this week:

some come put

Please remember:

- * Read every day with your child for at least 15 min. talk about the book and make a record in their reading logs. Reading at home regularly does make a difference!
- * Every day your child needs to bring a named water bottle.
- * P.E. DAY — Both classes have PE on Friday morning. Please leave your child's PE kit bag at school. **Please remember to remove all jewellery on this day, or cover earrings with tape.**

Home Challenge:

- Encourage your child to write sentences independently. Can they remember to use finger spaces, capital letters and full stops?
- Sing and learn our keywords <https://www.youtube.com/watch?v=R0871YrRpgY>
- Play a game of pairs or snap using your keyword rainbow flashcards that we send home. Can you write your keywords? Can you think of a sentence with a keyword and write it down?
- Practise simple addition and subtraction. Work out addition and subtraction using objects or a number line. Ask your child's teacher if you would like some number lines to take home.
- Can your child record their addition and subtraction number sentences?
- Get your hands muddy and plant some plants at home! Talk to your child what do plants need to grow.

You could take a photo of your home challenge and email to

info@tannersbrookpri.org.uk so we can all share and celebrate your wonderful work.
